

Peptiron Pills

Restores the blood, feeds the nerves and brain, keeps the stomach, and cleanses the system. It is a powerful, natural sleep, 30c. or 50c. per box. It is a powerful, natural sleep, 30c. or 50c. per box. It is a powerful, natural sleep, 30c. or 50c. per box.

CONVENTION IN RANDOLPH.

Of Vermont Central Association of Baptist Churches.

The ninety-ninth anniversary of the Vermont Central Association of Baptist Churches will be held June 13th and 14th, 1906, with the First Baptist Church at Randolph, of which Rev. Samuel Knowles is pastor. The programme follows:

Wednesday Morning.

10:30—Association called to order and organized; report of committee on arrangements; words of greeting, Rev. S. Knowles; response, the Moderator; annual sermon, Rev. A. N. Woodruff, East Barre; offering; appointment of committees; reading of church letters, adjourn for dinner.

Wednesday Afternoon.

1:45—Devotional service, L. Hofer; 2:00, introduction of new ministers, by Rev. W. A. Davidson; 2:15, home missions, Rev. A. S. Gilbert; 2:45, state missions, "The Church's Business," Rev. W. A. Davidson; 3:30, address, "Co-workers with God," Rev. H. A. Calhoun; 4:00, women's hour, W. B. F. M. S., Mrs. W. B. Hopkins, India; 4:30, W. B. F. M. S., Mrs. G. W. Peckham, Boston; adjourn.

Wednesday Evening.

7:30—Devotional service, Rev. C. H. Spaulding, D. D.; selection by male quartette; 7:50, the Young Christian and his Bible, Rev. H. A. Roberts, Montpelier.

Resolved, That the Young Peoples' Societies of the Association organize a Union, whose officers shall co-operate with the committee of arrangement in providing a program, and in securing the attendance of our young people at the annual meetings of the association.

Selection by male quartette. 8:30, The Sunday School, "Why Have Sunday Schools?" Rev. W. A. Kinzie, Barre.

Resolved, That the Sunday Schools of our association organize for the purpose of assisting in arranging a program, and stimulating interest in Sunday School work in the annual meetings of the association.

Thursday Morning.

9:00—Devotional service, Rev. A. Kallgren; 9:15, reports of committees; committee on state of religions in the churches; other committees; reports of missions, Swedish, Rev. A. Kallgren; Italian, Rev. A. Belloni; East Barre, Rev. A. N. Woodruff; 10:20, educational, Rev. C. R. B. Dodge; 10:45, foreign missions, Rev. J. W. Cronkite, D. D., Basen, Burma; 11:15, publication society, "Building Altars," Rev. C. H. Spaulding; 11:45, unfinished business; adjourn for dinner.

Thursday Afternoon.

1:30—Devotional service, Rev. W. A. Davidson, D. D.; 1:45, address, The Deepening of the Spiritual Life, Rev. G. B. Lawson, Brattleboro; prayer for the work; adjourn.

CATARH FROM CHILDHOOD

Cured by Hyomei, the Only Medicine for Catarrh that Ricker & Wells Are Willing to Guarantee.

The popularity and growth of Hyomei are unique in the annals of medicine. The demand for the Hyomei outfit and the extra bottles in Barre has been something phenomenal, and Ricker & Wells say that they have never sold any other remedy which gave such universal satisfaction and made so many remarkable cures.

The fact that Hyomei cures catarrh in the only natural and sensible way—that is, through breathing medicated air, not by taking drugs into the stomach—no doubt has helped in the introduction of the treatment. There is certainly no other remedy for catarrhal diseases that is so effective as Hyomei and its discovery has realized in part Pastern's prophecy, "We shall one day rid the world of all diseases that are caused by germs."

The worst and most chronic cases of catarrh readily yield to the use of Hyomei. People who have suffered from childhood have been cured by this remedy. J. S. Nugent, treasurer of the American Union Insurance Co., New York city, writes: "Hyomei has completely cured my daughter of catarrh, from which she had been suffering for years."

No many remarkable results have attended the use of Hyomei amongst the customers of Ricker & Wells that they feel justified in using the strongest possible language in speaking of its virtues, and when you read that they sell it under an absolute guarantee to refund the money if it does not cure, you will see that they fully believe in its curative powers. A complete outfit costs only one dollar; extra bottles 50 cents.

SUMMER DRINKS

We manufacture all kinds of Soft Drinks. Only pure filtered water and the best fruit syrups used.

If you have not tried our goods order a sample case. Cooling and refreshing.

Special attention is given to picnic orders. All goods delivered.

CONDITIONS REVOLTING

Says Neill-Reynolds Report on Beef Investigation

PRESIDENT URGES LAW

For Control of Stockyards—Which Violate the Laws of Decency—A Thorough Inspection of Products Necessary.

Washington, June 5.—The Neill-Reynolds report on packing house conditions was sent to Congress yesterday by President Roosevelt, thus insuring its publicity to the country. The President advocated, substantially the Beveridge amendment which places the cost of inspection upon the packers. Speaking of the result of the investigations conducted by Messrs. Neill and Reynolds, the President says the conditions were found to be revolting.

Proper care is not taken to insure the cleanliness and healthiness of the foods, this applying more to hams and prepared products than to carcasses. Points out that if the government bore this burden public opinion might wane, and the almost inevitable failure of Congress to continue the appropriation for the investigation might bring it to an end at any time. "If it were not for this," says the President, "I should favor the government paying the cost of inspection."

In conclusion the President states that he favors substantially the features of the Beveridge amendment. The report itself, which accompanied the message, was not read in the House. It will be printed and the members of Congress will be given opportunity to go through it today.

Practically the entire membership of the House was present as the message was being read and the galleries were crowded, but there was no comment from the floor, and the House proceeded at once to the transaction of regular business.

The report was received by the House in silence. As an arrangement of the packing house it is as severe as any of the criticisms published in the newspapers.

It is a terrible denunciation of the sanitary conditions in "Packing Town." The report declares that absolutely no regard is paid by employees to the cleanliness of the meats, and men and women work in the filthy rooms, close and fetid, without light or air. They expectorate on the floors and on the meat, and do unprintable things.

The sanitary arrangements for the convenience of women employees are degrading morally and a menace to health. No soap, water or towels are provided, and men and women return from their filthy "toilet rooms" and use unclean hands at working at the meat.

Seraps of meat, splinters, bits of rope the expectation of the diseased employees, and all manner of filth are shoveled up into dirty boxes, says the report, and ground up into "potted ham."

The House committee on agriculture claims to be unmoved by the pollution. Representatives Wadsworth, Henry, Cocks and other members of the committee have been working all the afternoon on a substitute for the Beveridge rider, that it may be ready for the meeting of the full committee on Wednesday.

Many members are very bitter at the present for making the report public. Members say they are more impressed with the reports of condemnation of the sanitary conditions than they are by the deficiencies of inspection service.

MILES KNEW IT.

Packing House Sensation No News to Him, He Says.

Kansas City, June 5.—Gen. Nelson A. Miles, on his way to Colorado, Sunday night said:

"The disclosures about packing house products now being exploited are no news to me. I knew it seven years ago. I told what I knew then. Had the matter been taken up at that time thousands of lives would have been saved."

"I believe that 3,000 United States soldiers lost their lives because of adulterated, impure, poisonous meat. There is no way of estimating the number of soldiers whose health was ruined by eating impure food."

"I have a barrel of testimony on the subject in the way of affidavits that I collected when I made my investigation seven years ago. At that time I could have secured the testimony of 100,000 men that the canned beef sold to the army was impure, adulterated and unwholesome."

"In my investigation of 'embalmed' beef during the Spanish-American war

CHICO CIGARS MAKE FRIENDS.

Kendrick & Co. Say They Are Now the Largest Sellers in Their Cigar Case.

Give a man a Wadsworth Bros. Chico and you make a friend for life, and at the same time show that you are a smoker of good cigars.

Kendrick & Co., who are the local dealers for the brand, say they never before introduced a cigar to the trade that gave such general satisfaction as the Chico, and although they have had them for only a short time, they are today the largest seller in their cigar case. It is quality that has made this sale, and that keeps increasing it from day to day.

"A man who first tried a Chico yesterday," said Mr. Kendrick, "will come in today and get some more and we are sure that he will continue a friend to Chicobros."

They are made with a long, clear, Havana filler, of the best quality tobacco, burn freely with a pleasant, mild fragrance, and although they sell for five cents are equal to most fifteen-cent cigars, and superior to many of the ten-centers. If you like a good cigar from imported tobacco, call at the store of Kendrick & Co. for a Chico.

ALL SICK WOMEN

SHOULD READ MRS. FOX'S LETTER

In All Parts of the United States Lydia E. Pinkham's Vegetable Compound Has Effected Similar Cures.

Many wonderful cures of female ills are continually coming to light which have been brought about by Lydia E. Pinkham's Vegetable Compound, and

Mrs. Fannie D. Fox

through the advice of Mrs. Pinkham, of Lynn, Mass., which is given to sick women absolutely free of charge.

The present Mrs. Pinkham has for twenty-five years made a study of the ills of her sex; she has consulted with and advised thousands of suffering women, who to-day owe not only their health but even life to her helpful advice.

Mrs. Fannie D. Fox, of 7 Chestnut Street, Bradford, Pa., writes:

Dear Mrs. Pinkham: "I suffered for a long time with female troubles, and finally was told by my physician that I had a tumor. I did not want to submit to an operation, so wrote you for advice. I received your letter and did as you told me, and to-day I am completely cured. My doctor says the tumor has disappeared, and I am once more a well woman. I believe Lydia E. Pinkham's Vegetable Compound is the best medicine in the world."

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. She asks nothing in return for her advice. It is absolutely free, and to thousands of women has proved to be more precious than gold.

I found poisons were used to preserve meat.

Gen. Miles said that reports had been submitted to him and added:

"I turned the reports over to the war department, and a whitewash investigation was instituted and successfully carried out. The official report was that a 'colossal error' had been made. As a matter of fact, it was a colossal fraud, and the persons who perpetrated it and were interested in it should have been sent to the penitentiary."

CARS CRUSH GIRL'S HEAD.

Young Woman, Caught Between Them, Was Instantly Killed.

New Haven, Conn., June 5.—Miss Della McDonald, eighteen years old, of this city, was instantly killed Sunday night, her head being crushed between two trolley cars on the Savin Rock line near the Howard avenue bridge.

The girl, who was accompanied by another young woman and two young men, was returning on an open trolley car from Savin Rock when, feeling ill, she thrust her head out of the side of the car. At that instant another car came along on the other track and the girl's head was caught between the two, causing, it is believed, instant death.

SHOOT LEADERS.

Instigators of Cananea Riot Executed by Soldiers.

Los Angeles, Cal., June 5.—A dispatch from Douglas, Ariz., reports the execution of eight leaders of the Cananea riots Sunday by Col. Kosterlitzky.

The rioters were lined up in front of a stone wall, a few blocks over the hills from Rosiquillo, and killed by a volley from the rifles of the rurales. The dispatch adds that the arrival of Kosterlitzky had more to do with the quelling of the riot than the presence of American soldiers on the scene. The pecuniary loss of the Cananea Consolidated Mining Company is estimated at \$500,000.

HEAVY RAINS IN FRISCO.

Unprecedented Weather in State—Refugees Prepared for Downfall.

San Francisco, June 5.—A heavy rain, accompanied by high winds, prevailed here Sunday, with almost unprecedented weather throughout the northern portion of the state. It is twenty-two years since similar conditions were experienced at this time of the year. Locally the rainfall Sunday was 120 inch, making the seasonal precipitation 20.37 inches.

Comparatively little suffering was caused by the rain throughout the refugee camps. The refugees had been forewarned by last week's downpour and were in some measure prepared.

The Rose.

The rose among the Romans was the emblem of secrecy; hence the phrase sub rosa.

Mushrooms.

To tell mushrooms from toadstools without eating them and waiting for results peel an onion and put it with the fungi while being cooked. If the onion remains white eat with confidence. If it turns black, eat it not, if you value life.

Magnetic Cures.

Magnetic cures antedate apothecaries. In 500 A. D. one Actus says, "We are assured that those who are troubled with the gout in their hands or their feet or with convulsions find relief when they hold a magnet in their hands."

Invisible Ink.

Among the Romans an invisible ink was made with the milky juices of certain plants. Its manufacture was a state secret, death being inflicted upon any who should disclose it, and all important dispatches from the capital to the provinces or vice versa were written in ink.

WORST ECZEMA DOCTORS EVER SAW

Spread Rapidly Over Body—Limbs and Arms Had to Be Bandaged and Scalp Looked Dreadful—Suffered Untold Misery for Three Years—Better in Two Months

MARVELOUS CURE BY CUTICURA REMEDIES

"My son, who is now twenty-two years of age, when he was four months old began to have eczema on his face, spreading quite rapidly until he was nearly covered. We had all the doctors around us and some from larger places, but no one helped him a particle. The eczema was something terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arms; his scalp was just dreadful. I used many kinds of patent medicines before trying the Cuticura Remedies, all to no avail."

"A friend teased me to try Cuticura. At last I consented, when my boy was three years and four months old, having had eczema all that time, and suffering untold misery. I began to use all three of the Cuticura Remedies; the Cuticura Soap helped as well as the Ointment. He was better in two months; in six months he was well; but I gave him the Cuticura Resolvent cure, using twelve bottles. I think, — and always used the Cuticura Soap for bathing, and do now a good deal. He was four years old before he was well, and his skin became perfectly fair when cured. I give you permission to publish this letter for I am always glad to do good when I can. I think I can tell you all there is necessary to tell." Mrs. R. L. Risley, Oct. 24, 1905. Piermont, N. H.

Complete Cuticura and Internal Treatment for every form of Eczema, from Itchiness to Aps, including Eczema of the Face, Neck, Chest, Arms, etc. The form of Cuticura Soap, 25c. per box, and the form of Cuticura Ointment, 25c. per box, are the most effective remedies, and the most economical, when all other remedies fail. Write for a free copy of the Cuticura Book, "How to Cure Eczema," and "All About the Skin, Scalp, Hair, and Nails."

SURPLUS IN SIGHT.

U. S. Treasury Now \$6,155,589 to the Good.

Washington, June 5.—With a month to pass before the end of the fiscal year, all the indications now are that the Treasury will close the year with a comfortable surplus.

May closed with a surplus for the first eleven months of the fiscal year of \$6,155,589. This is in striking contrast with the condition of the Treasury a year ago. Then May ended with a deficit of more than \$36,000,000. This was reduced considerably in June so that the end of the fiscal year 1905 showed a deficit of approximately \$28,000,000.

This year it is expected the surplus will amount to about \$5,000,000. The receipts and expenditures for June will probably not be abnormal, and the Treasury condition is expected to remain about the same through June that it was at the close of May.

A remarkable increase in customs receipts is responsible for the present excellent showing. These to the end of May were more than \$274,000,000, against \$239,000,000 up to the end of last May.

WILLIAMS WILL BE GOOD.

He Will Not Delay House for Several Days.

Washington, June 5.—The threatened "outburst" demonstration growing out of the report of the conference on the Statehood bill, which seemed imminent on the convening of the House yesterday, did not occur, the Journal being approved without a dissenting voice. The dove of peace seemed to hover over the House when it convened; the minority leader, John Sharp Williams (Miss), intimated that he would be good for several days at least, giving the Speaker every opportunity to give the House a chance to vote on the conference report.

GUATEMALA TROUBLE.

Another Revolutionary Band Enters the Country.

Washington, June 5.—A despatch to the State Department from Minister Combs in Guatemala says that another band of revolutionists has entered the country from Calaveras, but there has been no collision.

NOTED SURGEONS IN BOSTON.

Famous Foreigners at Medical Association Convention.

Boston, June 5.—Several thousand physicians and surgeons from all parts of the United States and several distinguished medical men from abroad were here yesterday to attend the opening meetings of the annual convention of the American Medical Association.

Among the distinguished foreign surgeons expected are Sir William MacEwen, regius professor at the University of Glasgow; Prof. Alfred Dührsen, the well-known German gynecologist; Prof. Alfons von Rosthorn of Heidelberg; Prof. Max Joseph of Berlin; Prof. Friedrich Trendelenburg, chief of the surgical clinic at Leipzig, Germany; Dr. Theodore Aulmier of Paris; and Prof. Max von Frey of Austria.

The annual convention of the National Association of the United States Pension Examining Surgeons, of which Dr. Charles J. Fox of Hartford, Conn., is president, opened yesterday at the American House.

An Alarming Situation

frequently results from neglect of clogged bowels and torpid liver until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills, the best and gentlest regulators of stomach and bowels. Guaranteed by the Red Cross Pharmacy, Price 25c.

COLLINS' MEN OPEN WELL

By Defeating Cleveland On Western Trip

IN HEAVY-SLUGGING GAME

Highlanders of New York Keep Up Their Victorious Career, and Their Townsmen Beat Philadelphia.

Collins' men started their Western trip auspiciously yesterday afternoon by defeating Cleveland by the score of 6 to 5 in a heavy slugging game. Both teams played a good hitting game, and it was something unusual for the men of Boston to be traveling with their sticks. Washington's defeat by Detroit enable Boston to take a long step toward getting out of last position. The Highlanders of New York kept up their winning streak, and shut out St. Louis, 1 to 0, in a game of seven innings, while Chicago defeated Philadelphia in a scrappy match. In the National League most of the teams had an off day, there being but one game, in which New York took Philadelphia into camp by the score of 9 to 6.

Yesterday's American League Scores.

At Cleveland—Boston 6, Cleveland 5.

At Detroit—Detroit 13, Washington 4.

At St. Louis—New York 1, St. Louis 0 (called at end of the seventh inning).

At Chicago—Chicago 3, Philadelphia 2.

American League Standing.

	Won.	Lost.	Pct.
New York	26	14	.650
Philadelphia	25	16	.609
Cleveland	23	15	.605
St. Louis	22	20	.523
Detroit	20	19	.512
Chicago	17	21	.447
Washington	15	26	.365
Boston	13	30	.302

Yesterday's National League Scores.

At Philadelphia—New York 9, Philadelphia 6.

National League Standing.

	Won.	Lost.	Pct.
Chicago	31	13	.674
New York	29	12	.659
Pittsburgh	26	16	.619
Philadelphia	26	21	.553
St. Louis	21*	25	.457
Brooklyn	17	27	.386
Cincinnati	18	29	.383
Boston	12	32	.273

TO SAVE NIAGARA.

House Passes the Burton Bill Without Debate.

Washington, June 5.—Without debate or division the House yesterday, under suspension of the rules, passed the Burton bill for the preservation of the scenic beauty of Niagara Falls.

CHELSEA.

Deputy Sheriff W. G. Jackson of Topsam was in town on business Friday. Ed Lincoln of Deighton, Mass., was in town last week to buy cows and horses for the Massachusetts markets.

H. F. Bryant is changing and repairing the interior of his house. Harvey W. Spear is doing the work.

Bert Kent and family left Saturday to visit friends in Manchester, N. H. Mrs. Ellen Cleveland went to South Raymond Friday for a visit to her daughter, Mrs. D. G. Stoughton.

Geo. W. Flagg, Esq., of Braintree, was in town Friday calling on friends. Janitor E. E. Wallace completed the annual spring cleaning of the court house last week, and has everything in order for the opening of court.

Stanley C. Wilson was in Topsam and Washington on business Saturday. Carl Bohannon and wife of Lowell, Mass., came Saturday to visit the former's brother, Tiffed Bohannon. Mr. and Mrs. Bohannon were former residents here.

The work of grading the sidewalks in the village was commenced Saturday under the direction of the selectmen. Leslie H. Bohannon has charge of the work.

Frank H. Kenerson returned to his work in Lebanon, N. H., the last of the week after a visit of several days with his family here.

Sheriff Sprague and Deputy Sheriff Adams were busy the last of the week summoning witnesses to appear before the grand jury this week.

Charles A. Lane, who has been working for several weeks in Lebanon, N. H., returned Saturday and will remain at home for a time.

A. G. Bradshaw and A. L. Sprague, commissioners on the estate of the late Julia Shattuck, met at the residence of Carlton Slack on the East Hill last week Friday.

absolutely NEEDS Schenck's Mandrake Pills. For sedentary workers of every class, without an equal. Surely cure Constipation, Indigestion, Sick Headache, and Biliousness, to all of which complaints the sedentary are peculiarly subject.

SCHENCK'S MANDRAKE PILLS
"Live the Liver."

and insure health, renewed energy and good spirits. Contains no opium or other dangerous drugs. Purely Vegetable. Absolutely Reliable. For sale everywhere, 25 cents a box, or by mail.
Dr. J. H. Schenck's & Son
Philadelphia, Pa.

THE CAUSE.

Pneumonia is developed from a cold, but all colds do not develop into Pneumonia. If a cold is neglected, the chances are Pneumonia will follow.

The best way to prevent Pneumonia is to keep your system in such a condition that it will repel a cold at its first approach.

Nothing will put your system in such a perfect condition as MAGEE'S EMULSION. It contains just the elements needed. It is a pure Cod Liver Oil combined with Malt and Hypophosphites—a food, a medicine and a tonic combined. There is no alcohol in it to give temporary stimulation, but it benefits you from the start. It makes you strong by building up the tissues and enriching the blood. Strong, healthy people are better able to withstand the trying winter weather.

Don't neglect your health. Start taking Magee's Emulsion to-day; delays are dangerous.

E. A. DROWN, Druggist, 48 No. Main St., Barre, Vt.

Real Hairbreadth Escape.

E. T. Hamlin, employed in an office on the third floor of the Corn Exchange, narrowly escaped being killed by a rifle ball. While he was sitting at his desk writing, a bullet crashed through the window, passed through his hair and buried itself in the opposite wall. Mr. Hamlin jumped to his feet to investigate. The window glass was shattered all over the office, and as he looked out through the window another bullet buried itself in the window sash, not more than a few inches from where Mr. Hamlin was standing. The fact that the window was open was probably the means of saving the life of the stenographer, who was sitting at her machine writing a letter. The young lady was in the direct path of the bullet, and if the window
